

## Leda Table Lamp

### Design Firm

AvroKO

### Country Of Origin

Canada

### Description

The Leda Table Lamp embodies a seamless blend of modern minimalism and soft, organic forms. The design draws inspiration from mid-century aesthetics with its smooth, rounded edges and warm metal tones, yet it has a futuristic quality with its clean lines and innovative use of materials. The lamp features a unique double-dome structure, where two frosted glass or opaque elements are stacked vertically, giving the piece a cloud-like appearance. The diffused glow emitted from the frosted surfaces creates a gentle, ambient light, perfect for intimate spaces.
